

CHILEAN COMMON HAKE FIP

RATING: "A - Exceptional Progress"

DATE: JANUARY 2017

Stage 4 most relevant progress during the last 12 months:

In April 2016, the [Management Plan for Hake](#) was approved by the Management Committee for Hake and issued by SUBPESCA through [Resolution N° 1308](#). This is a major development for this FIP. The plan includes clear goals and timeframes for stock recovery.

In June 2016, the Chilean Court of Appeals of Valparaíso approved the use of pictures taken by drones as evidence in trials regarding illegal fishing.

In September 2016, FIP members completed the study "Estimation of underreported catches for the artisanal sector in the common hake fishery" and its dissemination among stakeholders is ongoing.
