

PERUVIAN ANCHOVY DHC FIP

RATING: "A - Exceptional Progress"

DATE: JANUARY 2020

Stage 4 most relevant progress during the last 12 months:

In mid-2019, the Constitutional Court of Peru published the Document No. 0005-2016-PCC / TC - Case of Judicial Resolutions in Fisheries. With this ruling, the Constitutional Court resolved the demand for conflict of jurisdiction granted through judicial decisions. Therefore, since the publication of the ruling, the Constitutional Court grants all the powers for the management of fishing licences and other types of fishing rights to PRODUCE.

In August 2019, a workshop was held with different stakeholders to discuss basic criteria to develop a quota ratio methodology between DHC and IHC in the anchoveta fishery. In September, the recommended criteria to establish a quota ratio was delivered to PRODUCE.

In December 2019, the results of the Management Strategy Evaluation for the anchoveta fishery (MSE) was presented. The MSE is systematic testing of alternative ways of managing the fishery.
