

ARGENTINE RED SHRIMP ONSHORE FIP

RATING: "A - Exceptional Progress"

DATE: JANUARY 2022

Stage 4 most relevant progress during the last 12 months:

On October, there was a notable progress, since it is the first time that the Chubut Fisheries Secretariat has published Technical Reports on this fishery, which in turn served as a basis for the issuing of official Resolutions.

On November, the Resolution N° 491/2021 authorizes the opening of red shrimp fishing season in Chubut provincial waters from November 10th 2021, on the basis of Technical Reports N° 1/2021 and 2/2021 of Chubut Fisheries Secretariat.

On November, a training was held for onboard observers on the interaction of seabirds with the Rawson coastal fleet, in the framework of onshore red shrimp FIP.

On December, the first shipment of Private On-Board Observer Program for the 2021-2022 season took place, which restarted after the Covid 19 pandemic pause.
